DEROYAL SPORTS ANKLE BRACE 2

	SINGLE PATIENT USE
	NON-STERILE
	NOT MADE WITH NATURAL RUBBER LATEX
RX ONLY	FEDERAL U.S.A. LAW RESTRICTS THIS DEVICE TO SALE OR USE BY OR ON THE ORDER OF A PHYSICIAN OR PROPERLY LICENSED PRACTITIONER.

IMPORTANT INFORMATION

Please read all warnings and instructions before use. Correct application is essential for proper product function and to reduce the risk of injury or re-injury inherent with the use of any brace.

INTENDED USE

The DeRoyal® Sports Ankle Brace is intended to assist in prevention or treatment of acute ankle sprains. It provides external support over the injury site, creates compression and forces the heel into inversion or eversion (depending on the nature of the injury).

CAUTIONS

- This product is to be fitted by a physician (or properly licensed practitioner) who is familiar with the purpose for which they are responsible. The physician or practitioner is responsible for providing wearing instructions and precautions to other healthcare practitioners or healthcare providers involved in the patient's care as well as the patient. Consult your physician (or properly licensed practitioner) immediately if you experience sensation changes, unusual reactions, swelling or increased pain while using this product. Follow the instructions of your physician (or properly licensed practitioner) for length and duration of use.
- Prolonged usage can result in muscle atrophy in the user. The user may require (1) a weaning period from the brace to build muscle strength (2) regular physical therapy exercises to maintain the strength of the ankle (3) a limitation on duration of use or (4) some combination of these.
- Inspect brace for damaged or missing components before use.
- Discontinue use and consult your prescriber if the brace or its components break or become damaged.
- Inspect the fit of the brace on the patient to ensure fit is proper. **DO NOT OVERTIGHTEN.** Check regularly to ensure circulation is not compromised.
- Consult your prescriber immediately if you experience sensation changes, unusual reactions, swelling or increased pain while using this brace. Discontinue use if pressure injuries develop.
- Wear clothing underneath this brace.
- Take special care if the user is diabetic or has poor circulation. These users may have decreased skin sensitivity and are at greater risk for poor peripheral circulation and pressure injuries.

INSTRUCTIONS FOR USE

- Place foot with the heel to the back of the brace and position the tongue between the top of the foot and laces. Note: Brace should be worn with an athletic sock.
- Lace up ankle brace from the bottom to top and tie laces together.
- Detach "Y-tab" from the end of nylon strap.
- Feed the nylon strap under the cuff closure to the side of the ankle that needs support. Adjust straps for a snug, comfortable fit.
- Reattach the "Y-tab" to the end of the strap. Note: Hook should be facing the body of brace to ensure proper attachment.
- Bring stabilizing strap across the top of the foot, through the arch and under the heel.
- Secure the hook to the body of brace (snug).
- Secure the elastic cuff closed over laces and strap. DeRoyal logo should be centered to the front of brace to ensure proper compression.

CARE INSTRUCTIONS (IF APPLICABLE)

Hand wash arm sling and pillow cover in lukewarm water, mild detergent, air dry.

STORAGE AND TRANSPORT CONDITIONS

	KEEP DRY
	KEEP AWAY FROM SUNLIGHT

In addition to the competent authority in the country where the patient resides, serious incidents must be reported to DeRoyal Industries, Inc.
